

**The good news is you have a ROD Grant.  
The really good news is we can help you decide  
how to get your money's worth.**

Not all decisions are black and white. Your options to pay your local share of a project are no exception. Once approved for a New Jersey ROD Grant, choices can include a bond referendum, or perhaps a short-term capital lease, which with today's low interest rates may be more cost effective. We will advise you on the pros and cons of using your district's cash versus financing your share. Either way, your district will have key financial decisions to make. Phoenix Advisors will help with this essential financial planning. Our professionals will guide you through the process and provide clarity in the conversation about options with meaningful budget impact analyses and projections.

Contact Phoenix Advisors to help your district use your ROD Grant for all it's worth: 866-291-8180, or email [Phoenix@MuniAdvisors.com](mailto:Phoenix@MuniAdvisors.com).
