

You never actually know what the public will say
until you allow people to be heard.

Interest rates are still low. State aid is available.
Now is the time to pass a referendum
for capital improvements.

Districts have a window of opportunity to get caught up on facilities issues and tackle projects that until now seemed out of reach. Phoenix Advisors can help provide clarity in the conversation about a bond election with meaningful budget impact analyses and projections. It's a move that will enhance your prospects for success, improve your district's facilities and save money in the long run. Contact Phoenix Advisors at 866-291-8180. There's no time like the present. Especially now.
